# EUPHONIA RS3

The EUPHONIA RS 3 (RS for Rear Speaker) is the wall-mounted/on-wall option for a EUPHONIA surround setup or the more discrete on-wall stereo preference. Equipped with the same 6½ inch paper/wood cone driver and hybrid tweeter module as the EUPHONIA MS4 and EUPHONIA CS4, the EUPHONIA RS3 is the perfect rear speaker in a EUPHONIA surround setup.

The RS3 will also function flawlessly as an on-wall front speaker matched with a subwoofer, which in the ultimate setup should be the EUPHONIA AS2.

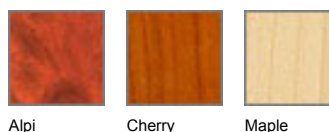

As in all EUPHONIA's, the cabinet is made of a special patented "Hornflex" cabinet material that eliminates vibrations and resonances in the cabinet.

## SPECIFICATIONS

Frequency range (+/- 3dB) [Hz]:	64,0 - 28.000,0
Sensitivity (2,83 V/1 m) [dB]:	87,0
Nominal impedance [ohms]:	4
Maximum SPL [dB]:	108,0
Recommended amplifier power [W]:	50,0 - 250,0
Crossover frequencies:	2.600 / (15.000)
Hybrid tweeter module, Super high frequency driver:	Ribbon
Hybrid tweeter module, High frequency driver:	Soft textile dome
Low frequency driver:	Wood fibre cone
Enclosure type:	Closed box
Bass reflex tuning frequency [Hz]:	72,5
Connection input(s):	Bi-wire
Recommended placement:	Shelf;On-Wall
Loudspeaker type:	Rear;Surround
Max loudspeaker dimensions incl. base and grille	470 X 200 X 203
Loudspeaker weight including base and grille [kg]:	11,0
