

IN ADMIRATION OF MUSIC

MENTOR 5

The MENTOR 5 is the second floor standing speaker in the MENTOR Series. MENTOR 5 is slightly smaller than MENTOR 6 and thereby suited for living rooms, where footprint size matters. Despite the compact size, MENTOR 5 is able to reproduce full bodied sound at high sound pressure levels.

MENTOR 5 is a 2½ way loudspeaker with two 5" mid/woofers and a hybrid tweeter module with a 1" soft dome tweeter and a ribbon tweeter, known from MENTOR 6.

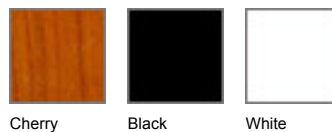

Like the other family members, MENTOR 5 has real wood veneer cabinet with curved rear and front sides. The baffles of the MENTOR speakers are glued to the main cabinet with special glue, which will prevent build-up of cabinet resonance.

SPECIFICATIONS

Frequency range (+/- 3dB) [Hz]:	43,0 - 34.000,0
Sensitivity (2,83 V/1 m) [dB]:	88,0
Nominal impedance [ohms]:	6
Maximum SPL [dB]:	109,0
Recommended amplifier power [W]:	40,0 - 180,0
Crossover frequencies:	3.000 / 12.000
Hybrid tweeter module, Super high frequency driver:	Ribbon
Hybrid tweeter module, High frequency driver:	Soft textile dome
Low frequency driver:	
Enclosure type:	Bass reflex
Bass reflex tuning frequency [Hz]:	46,0
Connection input(s):	Bi-wire
Recommended placement:	Floor
Recommended distance from wall:	10,0
Loudspeaker type:	Front;Rear
Magnetic shielding:	No
Max loudspeaker dimensions incl. base and grille	880 X 160 X 250
Loudspeaker weight including base and grille [kg]:	14,0
