# MENTOR 6

The MENTOR 6 is the first floor standing speaker in the MENTOR Series.

The driver configuration of MENTOR 6 is a 2½ way bass reflex speaker with 2 x 6.5" proprietary bass/midrange drivers and the newest generation of the proprietary DALI ribbon/soft dome hybrid tweeter module. However, as the dome and the ribbon do not cover the same frequency range, one could call it a 2½ plus ½ way. The advantage is accurate sound with high frequencies suitable for SACD and DVD-Audio recordings.

As all MENTOR models, the MENTOR 6 features a luxurious matt laquer and real wood veneer finish, curved front and rear, as well as paper/wood fibre cones and the hybrid tweeter module.

## SPECIFICATIONS

Frequency range (+/- 3dB) [Hz]:	36,0 - 34.000,0
Sensitivity (2,83 V/1 m) [dB]:	89,5
Nominal impedance [ohms]:	6
Maximum SPL [dB]:	111,0
Recommended amplifier power [W]:	40,0 - 200,0
Crossover frequencies:	800 / 3.000 / 12.000
Hybrid tweeter module, Super high frequency driver:	Ribbon
Hybrid tweeter module, High frequency driver:	Soft textile dome
Low frequency driver:	Wood fibre cone
Enclosure type:	Bass reflex
Bass reflex tuning frequency [Hz]:	37,0
Connection input(s):	Bi-wire
Recommended placement:	Floor
Recommended distance from wall:	10,0
Loudspeaker type:	Front
Magnetic shielding:	No
Max loudspeaker dimensions incl. base and grille	1030 X 200 X 390
Loudspeaker weight including base and grille [kg]:	22,5
