

PIANO AGILE

PIANO AGILE – smaller brother to Piano Noble – is slender, beautiful and has a presence in its appearance. It is also honest and convincing when it comes to sound.

The beautiful shape is the same as PIANO NOBLE – only smaller. Being magnetically shielded, PIANO AGILE is well suited for placement very close to a TV.

Featuring twin 4.5" woofer/midrange units and a 1" soft dome tweeter, PIANO AGILE delivers impressive sound, usually only heard from bigger loudspeakers.

DALI's wide dispersion principle ensures a precise stereo image throughout the room, and allows you much more freedom in finding the proper position. As in the whole of the PIANO series, PIANO AGILE is also equipped with low-mass rigid paper pulp cones in the woofer/midrange units, ensuring crystal clear, transparent sound.

SPECIFICATIONS

Frequency range (+/- 3dB) [Hz]:47,0 - 24.000,0Sensitivity (2,83 V/1 m) [dB]:87,0Nominal impedance [ohms]:4Maximum SPL [dB]:106,0Recommended amplifier power [W]:40,0 - 150,0Crossover frequencies:2.600High frequency driver:Soft textile domeLow frequency driver:Paper fibre coneEnclosure type:Bass reflexBass reflex tuning frequency [Hz]:54,0Connection input(s):Single wireRecommended placement:FloorLoudspeaker type:900 X 180 X 210Loudspeaker weight including base and grille [kg]:10,0
